By FAX 080 - 3322321.

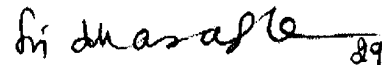

Sir,

Sub : Performance of Mi-Power Software supplied by M/s PRDC.

This is to certify that M/s KPTCL is using the Mi-Power software supplied by M/s PRDC for the last 2 years and the same is being used for conducting the load flow studies, fault studies, Dynamic/ transient stability studies, load projection etc. The version of the same is updated for 2001.

The package is user friendly and the performance of the same is satisfactory.

Yours faithfully,

29/11
Chief Engineer, Electy (General)
